EMPLOYERS by ALPHA

Boeing Intelligence & Analytics

Representative(s): Derek Winkler
derek.winkler@bia-boeing.com

Annapolis Junction, MD
<http://www.bia-boeing.com>

Boeing Intelligence & Analytics (BI&A) is a leading provider of strategic capabilities to the United States Intelligence Community. We help clients understand the strengths and vulnerabilities of potential adversaries, providing technical expertise across the entire mission spectrum from requirements definition and system development to system integration, test and QRC deployment. BI&A provides superior hardware/software engineering support to deliver solutions for the most complex mission critical challenges. BI&A maintains top-tier technical talent and industry expertise in software engineering, systems integration and development, rapid prototyping, and project leadership.

College(s): COEIT, CNMS

CareFirst BlueCross BlueShield

Representative(s): Neal Wesloski
neal.wesloski@carefirst.com

Baltimore, MD
<http://www.carefirst.com/careers/>

CareFirst. It's not just our name. It's our promise. Over 3.5 million people trust us with their healthcare needs, and we take this responsibility seriously. Our vision for healthcare is clear. Quality care should be easy to afford, easy to use and available to everyone. And what we're building for you is exactly what we expect for ourselves and those we love. Every day, we make a meaningful difference in the communities where we live and work. We solve real problems for the people we serve with equal parts empathy and urgency, simplifying the complex, delivering tailored solutions and stepping forward with new ideas.

Program(s): Computer Science, Cybersecurity, Data Science, Health Information Technology, Software Engineering, Applied Mathematics, Entrepreneurship, Innovation & Leadership, Statistics, Psychology, Public Policy

College(s): COEIT, CNMS, CAHSS, School of Public Policy

In-Depth Engineering Corporation

Representative(s): Stefan Bruno & John Beers (alum)
hr@indepth.com

Fairfax, VA
<http://www.indepth.com>

At In-Depth Engineering the core values of integrity, excellence, and respect define who we are. We know our corporate success depends on our commitment to those values, and feel strongly that doing the right thing is more important than doing what is easiest or most profitable. We value each of our employees as a partner in our business, and seek long lasting professional relationships. We believe that the respect we show for our customers, employees, and peers is what distinguishes us from our competitors, and that our continued dedication to our core values will enable us to grow and prosper.

Program(s): Computer Engineering, Computer Science, Software Engineering, Systems Engineering

College(s): COEIT

Johns Hopkins University Applied Physics Laboratory

Representative(s): Bill Denning
william.denning@jhuapl.edu

Laurel, MD
<http://www.jhuapl.edu>

The Johns Hopkins Applied Physics Laboratory (APL) is a not-for-profit university-affiliated research center (UARC) that provides solutions to complex national security and scientific challenges with technical expertise and prototyping, research and development, and analysis.

Program(s): Computer Engineering, Computer Science, Cybersecurity, Data Science, Electrical Engineering, Mechanical Engineering, Software Engineering, Systems Engineering, Applied Mathematics, Neurosciences & Cognitive Sciences, Physics, Statistics

College(s): COEIT, CNMS

Labcorp

Representative(s): Yeajin Song (alum)
yeajin.song@labcorp.com

Burlington, NC
<https://careers.labcorp.com/global/en/students>

At Labcorp, we believe in the power of science to change lives. We are a global leader of innovative and comprehensive laboratory services that helps doctors, hospitals, pharmaceutical companies, researchers and patients make clear and confident decisions. We provide insights and advance science to improve health and improve lives through our unparalleled diagnostics and drug development laboratory capabilities. Here, you can join our more than 67,000 employees, serving clients in more than 100 countries, as we work together to make a real impact on people's lives. Join us in our pursuit of answers.

College(s): COEIT

Maryland Department of Health - Laboratories Administration

Representative(s): Syeadda Spears
syeadda.spears@maryland.gov

Baltimore, MD
<https://health.maryland.gov>

MDH has five major divisions - Public Health Services, Behavioral Health, Developmental Disabilities, Health Care Financing, and Operations. In addition, the department has 20 boards that license and regulate health care professionals; and various commissions that issue grants, and research and make recommendations on issues that affect Maryland's health care delivery system. We depend on a staff of more than 9,000 and a budget of more than \$12 billion to provide needed services to Maryland communities.

Maryland State Police

Representative(s): Alioune Niasse
alioune.niasse@maryland.gov

Pikesville, MD
<https://mdsp.maryland.gov/>

As the lead law enforcement agency in Maryland, the Maryland State Police offer a wide range of exciting assignments and specialized units that are as diverse as our team of Troopers. As a civilian employee of the Maryland State Police, you will enjoy a competitive salary and State benefits. You will also work for an organization that provides an essential function for the State. While not as visible as Troopers on the road, each civilian employee is just as necessary for the completion of our mission.

Program(s): Computer Engineering, Computer Science, Cybersecurity, Software Engineering, Systems Engineering, Community Leadership, Emergency and Disaster Health Services, Intermedia & Digital Arts

College(s): COEIT, CAHSS

Park West Health System, Inc.

Representative(s): India Perry
iperry@parkwestmed.org

Baltimore, MD
<https://www.parkwestmed.org>

Park West Health System has been providing holistic healthcare and dental services for more than 49 years through its physicians, nurse practitioners, physician assistants, care coordinators and certified nurse midwives. Park West, a not-for-profit FTCA deemed health center, also provides treatment to the whole patient, organizing care and managing chronic diseases through its network of social workers and community health providers.

Program(s): Pre-Med, Social Work, Psychology
College(s): CAHSS, School of Social Work

PCOM Office of Admissions

Representative(s): Adrienne Jones
adriannjo@pcom.edu

Philadelphia, PA
<http://www.pcom.edu/>

For more than a century, Philadelphia College of Osteopathic Medicine (PCOM) has trained highly competent, caring physicians, health practitioners and behavioral scientists who practice a "whole person" approach to treating people, not just symptoms. At our Pennsylvania and Georgia locations, PCOM students can choose from several degree or certificate programs and learn to approach problem solving in a more professional, more team-oriented manner, which prepares them to work successfully in integrated healthcare settings with other health professionals. Our campuses feature modern facilities and state-of-the-art technologies, all part of an innovative learning environment designed for collaboration and interaction.

Social Security Administration

Representative(s): Wayne Lemon (alum)
Wayne.Lemon@ssa.gov

Woodlawn, MD
<https://www.ssa.gov/>

Social Security provides financial protection for our nation's people, supporting more than 64 million individuals and families. With retirement, disability, and survivors benefits, Social Security is one of the most successful anti-poverty programs in our nation's history. We are there throughout life's journey, helping secure today and tomorrow. We are one of the largest independent agencies in government, with over 58,000 team members throughout the country. Our talented workforce includes employees who serve customers directly, as well as those who support their work in diverse fields. Through compassion and dedication, our team members help promote the economic security of the country.
