

# BEYOND BUZZWORDS: UNDERSTANDING THE CHALLENGES OF SUSTAINABILITY

COLLEGE OF ENGINEERING  
& INFORMATION TECHNOLOGY

**Wednesday, March 26, 2025 | 4:00 pm | AOK Library Gallery**

## How should we think about the practice of sustainability?

Join us for presentations on the foundations of sustainability with experts from geography and environmental systems, engineering, public policy and beyond. We will share insights of transdisciplinary opportunities in building a sustainable future.

Refreshments will be provided.
