

**Do you have an interest in Entrepreneurship?**  
**Are you ready to intern within a Start-up this Fall?**

**If yes, apply to the Shattuck Family Internship Program for Entrepreneurship Innovation and Social Change.**

The Shattuck Family Internship Program for Entrepreneurship Innovation and Social Change prepares UMBC students for the rigors and rewards of entrepreneurship and social innovation. This program places highly-motivated students from diverse backgrounds in mentored internships to better prepare them to launch for-profit ventures

Internships last one semester (15 weeks) and students will work, on average, 8 to 10 hours per week. Students receive a stipend of \$1,000 toward their compensation. In addition to the internship, students engage in projects and activities that further expose them to the entrepreneurial mindset.

**BONUS:** The Shattuck Interns can apply to become Family Entrepreneurial Scholars/Fellows which provides selected interns who successfully completed their placements in companies, and have demonstrated particularly strong proclivity to become entrepreneurs with awards up to \$5,000. The awards can be used as “seed funding” to launch new ventures or community-based social entrepreneurship projects or as academic scholarships.

#### **Why Participate?**

- Earn a competitive stipend of \$1,000 plus an opportunity to potentially earn credit and obtain up to \$5,000 for “seed funding” to launch a new venture or community-based social entrepreneurship project or use as an academic scholarship
- Gain valuable experience in your career field by interning 120 hours over the course of the semester (8-10 hours per week)
- Be exposed to the knowledge, skills and mindset required to successfully launch a for-profit venture.
- Develop a network of contacts in the business community for future references and opportunities.
- Apply classroom knowledge in a realistic work environment and apply lessons learned in the workplace to academic coursework

#### **ELIGIBLE APPLICANTS MUST:**

Have completed a minimum of 30 credits and have a GPA of 3.0 or above and possess an interest in entrepreneurship.

**ALL majors are encouraged to apply.**

#### **TO APPLY:**

Interested students are asked to submit a Resume and a Cover Letter answering the following questions:

*Discuss your interest in both entrepreneurship and this intern program. What has been your entrepreneurial involvement thus far such as coursework, seminars, etc. (if applicable)? What type of start-up would you like to intern for and why?*

#### **Credentials can be e-mailed to:**

Christine Routzahn,  
Director of Professional Practice  
The Shriver Center, UMBC  
routzahn@umbc.edu, 410-455-2493

**DEADLINE TO APPLY: Friday, July 27th**
