MANIA

The 2011 RecycleMania Tournament will run eight weeks from Sunday, February 6th to Saturday, April 2nd.

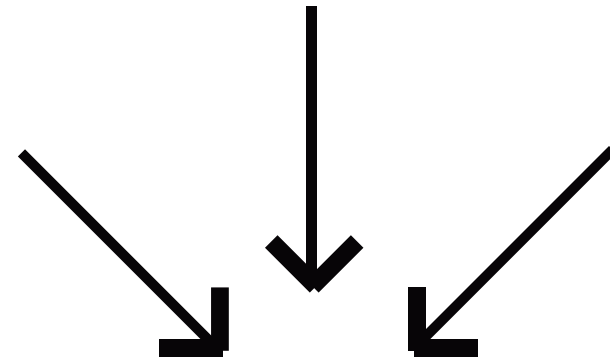

The RecycleMania Tournament is off and running for for 2011. There are 630 colleges participating this year, representing 6 million students and over 1.5 million staff and faculty.

RecycleMania is a friendly competition and benchmarking tool for college and university recycling programs to promote waste reduction activities to their campus communities. Over a 10-week period, schools report recycling and trash data which are then ranked according to who collects the largest amount of recyclables per capita, the largest amount of total recyclables, the least amount of trash per capita, or have the highest recycling rate. With each week's reports and rankings, participating schools watch how their results fluctuate against other schools and use this to rally their campus communities to reduce and recycle more.
